

Deer Harbor Hamlet Activity Center

Notes:

* All areas of the Deer Harbor Hamlet are open to development through a "floating zone." This floating zone will allow up to a maximum residential density of 2 units per acre if affordable housing is provided. (see UDC Section 3.8.6 for conditions)

"Proposed" designations refer to proposals set forth in the document, "Deer Harbor Comprehensive Plan" of June 1999. These proposed designations will be evaluated further as part of the completion of planning for the activity center, prior to final designation.

 Possible "community center district" (procedures and uses not yet defined)

 Buffer for areas adjoining Forest Resource land (see UDC Section 3.8.5 for conditions).
